From the President's Desk

Hi Everyone

12-11-2015

This year has been a very busy time for the community and your Board of Directors. Many issues have been addressed this year, and as we go forward, we will be challenged again to make sure the community is well taken care of and our needs addressed. Certainly any activity planned for next year will be dictated by the budget that has been established to meet these demands. The one unknown is any unforeseen occurrences that may happen which will need to be addressed. We all hope this will be minimal because it does impact the budget projections.

The community has been active from a social point of view with many activities planned by the Social Committee. I congratulate them for their involvement, excellent planning and encourage everyone to participate in these activities. The opportunities are there so get involved.

Many improvements to the community also took place this past year consisting of landscape requests and repairs, asphalt and drainage repairs, addition of street signs, patio and retaining wall additions and the installation of a weather station for use by the community.

Our community is now completed with all 64 units occupied. The only movement will be any sales that may take place or a change of occupancy. I urge everyone to update their occupancy information, if it has changed, with Case Bowen our managing company. This information is critical and is also a State Law requirement.

This is the Holiday Season and many of us will be traveling so please be careful. I speak for the Association Board in wishing everyone a Very Happy Holiday Season and a Prosperous New Year.

A Lepidopterist in Our Midst!

(I had an insect collection in high school. It was required for 9th grade biology. I think I had maybe 30 or 40 specimens. I think I've been outdone... Editor-Jim Pace)

Dave Parshall donated his butterfly (just butterflies) collection to the Triplehorn Insect Collection at OSU. **All 50,000+ pinned specimens and thousands more preserved in envelopes.**

Dave is an expert on Ohio butterflies, a published author, and referenced in other publications.

So THAT is what was happening at Dave's place on October 15 when a 17-ft rental truck pulled up to Dave's condo – Moving day for the Butterflies!

You can read more about Dave's fabulous collection (and see more pictures) and his accomplishments at:
